

Business Studies (2U)

Category A – NESAC Developed Course
Counts towards ATAR

Business Studies

How do I set up and run a business?

What do I learn?

Preliminary Course

There are three topics:

- The Nature of Business
- Business Planning
- Business Management

There are two assignments and one examination.

HSC Course

There are four topics:

- Operations
- Financial Management
- Marketing
- Human Resource Management

You complete three assignments and two examinations.

Career Paths

This course provides an excellent introduction to Business degrees that lead to a whole raft of career opportunities in each area of the HSC course, and Accounting, Financial Planning as well as Economics.

If your plan is to become a Tradie, then you will probably be in a position where you're are running your own business and this course will provide you with the basic skills to do just that.

Life Skills

This course is taught as part of the Human Society and its Environments course. It covers the following broad outcomes:

- Develop knowledge and understanding of the roles of individuals, businesses, institutions and governments in the operation and management of economies.
- Develop knowledge and understanding about the nature, role, functions and processes of businesses.
